Dear Friend,

After the feast of the Epiphany, the focus of church and community is one of light sining in darkenss. Our experience of God is one of light and our call as people who follow that light is one of being a light to the world ourselves. We welcome all of you who seek the light and who are called to be light. Come to the Palisades and fine here refreshment for your spirit and renewal of you call.

This week after much consideration, we are trying a new approach to the emails that we send. You will notice that we have contracted with an email service which I believe will save us both time and resources as we struggle to maintain and grow our list of people receiving email notification from the retreat center.

If you know someone who might be interested in receiving information from the retreat center, please feel free to use the "forward this email" button that you will find at the bottom of this email.

I pray that God give you many blessings as your year continues. May your enlightenment continue to raise and your light to shine.

Peace in Christ,
