# Creative Art Lessons Workshop

*For Elementary Schools grades K-8*

***Rational:*** Several Catholics Schools that do not have art teachers or art docents may find this workshop/in-service helpful for getting an arts program up and running.  
*Student artwork brings the walls of the school alive with color and creativity!*

The focus of this hands-on workshop is to give teachers and/or Art Volunteers the tools and skills to teach art lessons with greater clarity and confidence.

The art lessons/projects in the art workshop can be tailored for your school. (drawing to metal art)  
The workshop is centered on bringing visual arts to students of all ages.
