

# CATHOLIC MUTUAL'S SAFETY IN THE SCHOOL CONTEST

Catholic Mutual Group, is excited to announce an innovative way to earn money for your school while making your school a safer place in the process...the **Safety in the School Contest!** The idea is to have your school, particularly your students, come up with a creative way to make your school a safer place. Teachers, administrators and parents are also invited to assist in this creative process, but the emphasis should be based on the ideas of your students.

How you submit your presentation is totally up to you. The important aspect of this contest is to assist your students in learning to be safe and making safe and sound decisions. Teachers can incorporate safe practices into the curriculum, older students can teach younger students, it can be whatever you feel will work best for your school.

Attached is a poster announcing this contest with general ideas for your school to use. Our goal is not to create more work for your teachers, but to encourage the inclusion of safe practices and attitudes into your day-to-day activities. Our hope is this will carry over into your student's everyday lives and instill the importance of being safe everywhere they go.

***Remember - Originality will be rewarded in the judging!***
