In 1912 the RMS *Titanic* sank in the North Atlantic Sea.
Almost 100 years later, the MS *Costa Concordia* foundered off the
coast of Italy. Both these tragedies gripped the world.
Both these tragedies inspired the profound question:

What would I have done?

This question inspired a local brother-sister team. Part drama, part
motivational message, their presentation highlights selected

Titanic Heroes and focuses on the real legacy of the *Titanic* –
women and children first.

Who are we? We are Cady and Benjamin Crosby, a brother-sister team.
Come join us to hear these heroic stories. Honor these memories and inspire the hero in all of us.
