Pre-Reading Skills(10-hours)

Instruction based on the work of Beth H. Slingerland for professionals working with preschool through first grade students. The content of the course includes some precursors to formal reading oral language development, phonemic awareness, and the sight, sound and form of each letter of the alphabet. These beginning multisensory skills can prevent failure and give children the foundation needed for future success with formal reading, writing and spelling.

Course Content:

- The understanding of what children need to know before they learn to read
- The normal development of oral language
- Oral language skills — listening and speaking
- Phonological awareness activities in the classroom
- The sight, sound, form and key-word of each letter of the alphabet
- The major components of reading acquisition
- Current assessment strategies for beginning readers
- Indicators of reading problems and characteristics of language/learning disabilities
