

Get more than just technology.

Create a hands-on learning environment to engage and inspire.

Imagine your classroom with five powerful MacBook Air computers plus an iPad 2 mobile device for every student. The MacBook Air has a battery that lasts all day, and comes with a suite of easy-to-learn creativity apps, making it the ideal tool for media and content creation. iPad inspires hands-on learning with features you won't find in any other educational tool. Powerful built-in apps and apps from the App Store let students engage with content in interactive ways, find information in an instant, and access an entire library wherever they go. Get started today with hardware, extended care, software vouchers, and professional development. The Apple Classroom offer combines education pricing with bundled product savings to make this recommended solution very affordable.
