Why Choose CYO Camps?

Since 1950, tens of thousands of campers have experienced CYO Summer Camping. They tell us one of the best things we do is provide a positive, supportive community in which each camper is valued and appreciated. You will find opportunities at each of our ACA accredited camps to learn more about yourself and experience God's presence in a new way. You will have a blast learning new skills, making new friends, and living and playing in the beautiful outdoors. If you want to sing around the campfire, sleep under the stars, make new friends, and have tons of fun this summer, you'll want to choose CYO camps.

Campers Gain These Skills:

- Relationship/Friendship Building
- Communication Skills
- Time Management and Independence
- Conflict Resolution, Cooperation and Sharing
