## PARISH SOCIAL ACTION SKILLS WORKSHOPS

AUGUST 4, 2010 | REGISTER AT [CATHOLICROUNDTABLE.ORG](http://CATHOLICROUNDTABLE.ORG)

*Increase capacity for social ministry at your parish! Join us for a day of workshops with social action leaders from around the country, to learn, strategize and come home with a plan.*

### 9:00 AM-12:00 PM - Communities of Salt & Light: Our Parish Can Make a Difference

Mr. Tom Ulrich, Catholic Relief Services & Cynthia-Morris Colbert, USCCB/JPHD

Drawing from the U.S. Bishop's Statement, *Communities of Salt and Light: Reflections on the Social Mission of the Parish*, this workshop begins by focusing on the vocation of the parish.

The presenters will challenge participants to visualize a comprehensive framework for parish social ministry and show how a local parish has integrated the framework into their faith community. Finally, participants will be called to see themselves as the leaders and animators of social ministry in the parish.

### 2:00-3:15 PM - Leadership Skills for Parish Social Action

Rachel Lustig, Catholic Charities USA

Have the passion for parish social ministry but lack the direction? In this workshop, participants will learn a process for getting their parish social ministry started in a way that works and builds off their vision for what the parish can be and generates leaders from the community.

### 3:45-5:00 PM - Transforming Hearts for Social Justice

Elizabeth Lilly, Catholic Charities of Santa Clara County, JustFaith graduate

At its heart, parish social ministry is about growing to more deeply love God and each other. This workshop will remind us about the importance of the process of conversion, highlight how we can rely on God and our faith community, and identify ways to invite people into the transformation process. Time will also be spent on how to invite people into parish social ministry after they have been through a conversion based experience.
