Reception to Follow  
Pigott Auditorium**

**Seattle University welcomes Chris Lowney, author of *Heroic Leadership*.  
Come listen to Lowney share his unique perspective on leadership.**

*Heroic Leadership* highlights the concept that leadership is not reserved for executive directors and chief executive officers; rather than an act, leadership is a way of living. Be inspired to think about your own leadership, and the influence you can make in **BOLD** and subtle ways.

**This event is FREE and OPEN to the public.**

This event is sponsored by Seattle University Institute of Public Service, Master of Fine Arts Leadership, Albers School of Business, and the Endowed Mission Fund for Advancing the Jesuit and Catholic Mission.
