

2013 Spring/Summer Technology Classes and Events at Puget Sound ESD

Visit <https://register.psesd.org/> to read full course descriptions, prerequisites, and registration deadlines.

Course No.	Date & Time	Course Title	Location	Presenter	Cost	Clock Hours	SPU Credits
TM9325	4/20/13 8:30-3:30	Tech Empowerment Are you a technophobe? Do you try to avoid units, lessons, or activities that require technology? Were you hoping you might retire before this technology thing caught on? Are you worried you'll never be able to catch up? If you answered yes to any of these questions, then this class was designed with you in mind!	PSESD	Kimberly Allison	\$115	6	
TM9323	5/4/13 8:30-3:30	Adobe Premiere Pro CS6 A-Z A must for everyone who teaches Adobe Premiere Pro. It will cover the new features in CS6 and detailed lessons on basic and advanced editing techniques. All this material will be packaged in video tutorials and engaging examples that can be immediately implemented in your classroom. After 4/19, course fee is \$115.	Mount Si HS	Joe Dockery	\$99	6	
TM9321	5/13/13 8:30-3:30	eLearning Showcase: A Day for Discovering Solutions A day-long event dedicated to sharing experiences and discovering new eLearning products that can help transform your classrooms! To see the showcase schedule and vendor presentation descriptions, visit: http://tinyurl.com/eshow2013	PSESD	Various	\$15 (Just Reduced!)	4.5 pending	
TM9327	5/18/13 8:30-3:30	Google Apps = Learning, Collaboration, and Engagement Learn basic and advanced features of Google Docs, Presentation, Spreadsheet, Forms, Lit Trips, Mail, Calendar, and Google Search with a Google Certified Teacher. Hands-on practice and classroom examples will be woven into step-by-step instruction of well known Google tools. After May 3, course fee is \$115.	PSESD	Lori Curtis	\$99	6	
TM9329	5/28/13 8:45-3:00	DigitalEdge Showcase of Solutions Get introduced to technology solutions that can transform a classroom to a 21st Century interactive learning environment. Watch demonstrations and presentations, engage in hands-on activities, and talk to the vendors and presenters about their products, features, and how they can change learning. This event is hands-on. Event webpage: http://tinyurl.com/DigitalEdgeShowcase	PSESD	Various	FREE!	TBD	
TM9331	6/20-21/13 8:30-3:30	Blended Learning with Edmodo This two-day workshop will provide participants with the knowledge and skills to extend learning beyond the classroom. Practical strategies will be shared to easily blend face-to-face activities with online learning experiences using Edmodo, a free social networking platform/learning management system. Audience: 3rd-12th grade teachers. After June 5, course fee is \$200.	PSESD	Seth Deniston and Justin Talmadge	\$180	12	
TM9326	7/12/13 8:30-3:30	Tech Empowerment (new date) See description above. After 6/25, course fee is \$115.	PSESD	Kimberly Allison	\$99	6	

Course No.	Date & Time	Course Title	Location	Presenter	Cost	Clock Hours	SPU Credits
TM9333	7/16/13 8:30-3:00	Google Day Once just a way to find information on the Internet, Google now represents a rapidly-growing collection of valuable tools and resources that can enhance any classroom. Attend sessions on how to use advanced search functions, tips and tricks for using Google Docs, Google Earth, Google Sketchup, Google+, and more! After 7/1, course fee is \$100.	PSESD	Various	\$85	TBD	
TM9335	7/24-25/13 8:30-3:00	Flipping the Classroom (JUST ADDED!) In this class, learn the in's and out's of incorporating podcasting into your curriculum! This two-day workshop will cover: how to get started, hurdles to overcome, using Camtasia software, editing podcasts, and formatting podcasts for the web. It will also include Question and Answer sessions, logistics of lessons, where to store podcasts, uploading your podcasts, and making accounts for YouTube, Teacher Tube, and iTunes. Wacom will be loaning us a set of tablets for this class! After 7/9, course fee is \$200.	PSESD	Ken Richardson	\$180	12	1
TM9328	7/31/13	Looking up the Future - The Sequel (formerly called Teacher-Librarian Day) Teacher-librarians are leaders in educational technology and innovative practices in schools. Looking up the Future - The Sequel will provide teacher-librarians many opportunities to explore timely topics such as Common Core, Open Educational Resources, and new learning technologies. With keynote presentations, breakout sessions and opportunities for networking, this will be a full day of exciting sharing and discussion. Target Audience: Teacher-librarians, curriculum directors, technology directors. Discounted fee of \$70/person for a team of 3 or more.	PSESD	Various	\$85	TBD	
TM9324	7/29-8/2/13 8:30-3:30	iPad Media Production Boot Camp Mobile computing is a key 21st century skill that our students and teachers will need to develop a proficiency in if they want to compete in tomorrow's workforce. Apple's iPad is at the forefront of the tablet technology and a powerful media production tool. This workshop will focus on how to create and publish a wide variety of media using your iPad and some of the latest accessories. After 7/12, course fee is \$370.	Mount Si HS	Joe Dockery	\$345	30	3
TM9332	8/19/13 8:30-3:30	Creating with iPads The iPad is widely seen and utilized as a tool for consuming content such as books, music and movies. Many educators have discovered, however, the ease of using the iPad makes it an amazing tool for students to create new content. After Aug. 4, course fee is \$115.	PSESD	Seth Deniston	\$99	6	
TM9334	8/22/13 8:30-3:00	Tablet/Mobile Computing Day Three years ago, the Apple iPad introduced a new form of computing that has had tremendous impact on schools. Now tablets are firmly established in the education world, but the technical questions and possibilities have only gotten more complicated as new operating systems, form factors, and management issues have developed. This day-long program will bring together providers of a variety of models of tablets, mobile device management systems, and resources for supporting this exciting but challenging technology.	PSESD	Various	\$25	TBD
