Learn about the gallery tools and how to customize your lessons with them. This fast-paced workshop that will give you a general overview of the program.	Annie Wright School in Tacoma	$60
5/20 5:00-8:00	TM9417	**Evernote for Teachers, Students & Learners of All Ages** An intro workshop on this web-based tool used for gathering research, information, and writing from a variety of resources. It allows a user to access the info anywhere and share easily. Use it to organize teaching materials, PD resources, and personal writings.	Annie Wright School in Tacoma	$60
5/27 to 6/24	TM9434	**Introduction to Edmodo (ONLINE)** **NEW!** Edmodo is a free and safe way for students and teachers to connect and collaborate online. Delivered completely online, this course will take place over a four-week period from May 27 to June 24. Participants will learn the basics of Edmodo: how to post and manage communication, create and manage a classroom group, use the program's library, and give assignments and quizzes. Class content and assignments are completed at your own pace.	ONLINE	$150
6/1-6/30	TM9413	**Designing Learning for the 21st Century (ONLINE)** This class will guide teachers through intentional evaluation of lessons and learning activities. You will redesign lessons and set goals in utilizing technology best practices in more powerful ways to positively impact student outcomes. Participants complete the course content at their own pace between June 1-30.	ONLINE	$175
7/15-16 8:30-2:30	TM9411	**How to Create Instructional Videos and Flip Your Classroom** Help your students and parents become responsible for their own learning by creating instructional videos, available to watch 24/7! Absent students will not miss any instruction. Students can watch a video as many times as needed. Learn what flipping a classroom is and its benefits, and learn how to use an electronic white board, document camera, and pen tablet in creating instructional videos.	PSESD	$185 (includes DVD "How to Create Instructional Video & Flip Your Classroom")
7/21-8/22	TM9414	**Problem-Based Learning: The Motivation to Learn (ONLINE)** In a problem-based learning model, students engage in complex, challenging problems and collaboratively work toward their resolutions. They connect disciplinary knowledge to real-world problems. Learn the purpose, practice, and positive results of problem-based learning by completing course content at your own pace between 7/21-8/22.	ONLINE	$175

Date	Course	Classes	Location	Cost
7/29 8:30-11:30	TM9428	**Leveraging Google Forms for Learning and Productivity: The Basics** Learn the basics of creating and sharing Google Forms so that you can create simple online surveys, checks for understanding, and more! Forms are probably the most useful of all the Google tools, and they can be used even if your students don't have Google accounts. Throughout the class we'll feature both practical and creative ways to use Google forms in educational settings. This class is geared to the novice and beginning Google From user.	PSESD	$60
7/29 12:30-3:30	TM9429	**Leveraging Google Forms for Learning and Productivity: Advanced Forms** Earn your PhD in Google forms! Learn how to combine forms with other Google apps and how to use script to make Forms even more powerful. Who wouldn't like a quiz that grades itself and then sends the scores out to students?	PSESD	$60
8/4 8:30-3:30	TM9424	**The Ultimate Collaboration Tool: An Intro to OneNote for Teachers** Learn to create digital notebooks that support academic standards and education outcomes across disciplines and tasks. OneNote also supports research, collaboration, information management, communication, note taking, journaling, reflective writing, and academic requirements.	PSESD	$110
8/5 9:00-12:00	TM9425	**Get More out of Office 2013 with Office Web Apps and OneDrive** With access to Office Web Apps, students can organize and prepare for projects using OneNote, build on each other's ideas using Word, collect ideas through the Excel Survey tool, and present their learning using PowerPoint within a collaborative space in SkyDrive. Learn to utilize thsee free tools to manage files, work collaboratively, and create a seamless transition between school and home.	PSESD	$60
8/5 8:30-3:30	TM9430	**TM9430 Google Apps for Education + CCSS = Success!** The built-in collaboration features of Google Apps make them ideal tools for engaging students in online collaboration, peer feedback, discussion, and projects aimed at achieving the Common Core State Standards in Reading, Writing, and Speaking and Listening. Learn how to combine the power of Google Docs, Forms, and Sites to create online assignments, assessments, and Smarter Balanced-esque performance tasks.	PSESD	$110
