

Learning Center at Hamlin Robinson School presents...

MULTI-SENSORY MATH WORKSHOP

For educators and parents of students with learning differences.

Featuring Marilyn Zecher

Ms. Zecher is a Nationally Certified Academic Language Therapist specializing in the application of **Orton-Gillingham Multi-Sensory Strategies** for teaching math and study skills.

The workshop will cover:

- An introduction into the basic research and methodology behind **multi-sensory instruction**
- Strategies for teaching basic **numeracy** and **place value**
- Demonstrations of the use of **manipulatives** to model multiplication/division, fractions, geometry and basic concepts in algebra

Saturday, October 18, 2014
