If you need to follow up or provide more information, the FAX number is 503-412-3990. The person taking the initial report is an "intake" person only; an adjuster will contact you within 48 hours.

## **Special Events Coverage**

The TULIP program is the new version of our Special Events Coverage. It is an online procedure that requires credit card payment. Normally, the individual using your facility will fill the application out online, pay with his/her credit card and bring you the certificate that it produces. The cost will be somewhat higher than the old policy but the added convenience and quick turnaround make it worthwhile.
