FOCUS OF THE TIME

Questions will center on how we nurture this spiritual leadership at work.

- How we use processes by which the tension between the individual and school organization is managed and strengthened.
- How to become the change one is seeking to make in the world of home, school, parish, neighborhood and civic community enlivened by Catholic values.
- How can the Principal, as spiritual leader, call forth one's own renewed commitment and resilience in personal growth serve as a vital witness to the Pastoral "To Teach as Jesus Did."
- How can the Catholic School Principal enter more deeply in the process of spiritual transformation and to choose to lead from that place.
- How can one forge a positive connection between spiritual life and leadership rather than experiencing these as separate areas of life.
