

Co-Teach!

Presented by **Marilyn Friend**

Dr. Friend has spent her career as a general education teacher, special education teacher, teacher educator, and staff developer. She is Professor Emerita of Education in the Department of Specialized Education Services at The University of North Carolina at Greensboro, and she is Past President of the Council for Exceptional Children.

She has consulted with school professionals nationally and internationally as they collaborate to educate their students, assisting them to form productive and efficient work teams, to learn the best ways to manage awkward or adversarial conversations, and to communicate effectively with parents.

This workshop will provide an overview of co-teaching and detailed information about effectively planning, implementing, and evaluating co-teaching programs. Participants will have the opportunity to explore the conceptual and the operational aspects of this innovative approach to educating students in the least restrictive environment and discuss issues and concerns related to their own practices. The goal is to ensure that participants take their practice to the next level, designing instruction that fully utilizes the contributions of each professional so that all students reach their potential. Participants are encouraged to attend in teams that include general education, special education, ELL teacher and building administrators.

WHEN: June 25-26, 2015 • 8 AM – 4 PM

WHERE: Renton Pavillion Event Center • 233 Burnett Avenue South, Renton, WA 98057
