

# Local Hazardous Waste Management Program in King County

## ***Hazards on the Homefront*** **FREE Workshop for Grades 4-12 Teachers**

**Saturday, March 28, 9:00 a.m. - 12:30 p.m.**  
**John Stanford Center for Educational Excellence, Seattle, WA**

*Do you want ready-to-use lessons that incorporate STEM topics with reading, writing, health, and responsible consumer choice activities?*

*Looking for fun, hands-on activities that teach INQUIRY, APPLICATION, and SYSTEMS information to your students?*

**Attend the free teacher workshop to learn how to teach your students about household and garden hazardous products and safer choices -- real-life skills students will use for the rest of their lives.**

### **This free workshop includes**

- *Hazards on the Homefront* teacher guide.
- sample green cleaning products and recipes.
- \$50 stipend for incorporating two lessons or concepts from the workshop into your curriculum.
- information on free, follow-up classroom presentations and mini-grants.
- three clock hours.
