

# HOW WE EAT

## FOOD, JUSTICE & SUSTAINABILITY

JULY 20-23  
2019

Join us in exploring the far-reaching implications of providing food to all levels of our society. As part of this hands-on course, students will: visit working urban farms, food banks that serve those in need, cooperative food retail and the Bullitt Center – Seattle's first living building – for an interactive tour.

### STUDY & COURSE TOPICS:

- Food & Water systems
- Nutrition & Labeling
- Food Justice & Policy
- Culinary Chemistry

- Cost is \$295 and provides 2 college credit hours
- Cost assistance is available
- Four-day, non-residential course includes classroom work & field visits
- 8:45am–2:00pm
