

East King County Area Summit

Special Olympics Washington (SOWA) Area Summits targets program leaders, volunteers, coaches, families, and community members who would like to learn more about SOWA in the King County Area. Summits offered at the Area Level provide opportunities for all SOWA constituents to join together as a community to network, receive local hands-on training, and to build awareness of new SOWA programming in the King County Area.

With new and exciting opportunities on the rise, the Area Summit allows local Area members to receive trainings and education to help expand the reach of the Special Olympics Washington mission in the King County Area. The summit is free to attend and the first 175 attendees to register receive lunch!
