

national recognition

...CLOSER THAN YOU THINK

BE RECOGNIZED AS A SILVER-LEVEL CRS GLOBAL HIGH SCHOOL

IT'S EASY! Simply:

- **Register** online at ghs.crs.org
- **Complete** an annual online survey
- **Continue to participate** in CRS Rice Bowl
- **Continue to participate** in one additional CRS initiative

It's really that easy—and **YOU'RE ALREADY ALMOST THERE!**

We were thrilled that you recently participated in a Catholic Relief Services' Rice Bowl program *and* another CRS initiative! Your commitment to social justice and global solidarity is admirable. Because of your strong participation in CRS programs, we would like to invite you to become a Silver-Level CRS Global High School.

The CRS Global High School program helps schools form internationally aware and globally responsive 21st century leaders who live their faith in solidarity with their brothers and sisters around the world. CRS is much more than just the CRS Rice Bowl program— as you know, we have many other initiatives like CRS **Fair Trade**, CRS **Food Fast**, **Catholics Confront Global Poverty** and **Emergency Response & Recovery**. We're here to celebrate the commitment your school has to social justice, and to provide you with the resources you need to deepen that commitment!

When you become a CRS Global High School, CRS will:

- **Provide a regular e-newsletter** highlighting new school-focused initiatives and resources, **timely information on global updates and emergency response opportunities**, **quarterly webinars** and a **national online forum so you can network with other schools**
- **Celebrate our partnership** with a **banner for your website**, an **entryway decal for your school** and a **certificate of completion**
- **Accept your creative ideas and high school resources** for review and possible publication so that Catholic high school teachers can be recognized for their creativity and passion for global solidarity

Visit our website at ghs.crs.org to register for the CRS Global High School program. Thank you for your willingness to engage with the work of CRS around the world!
