

Secondary Math Endorsement Opportunity

An exciting and affordable opportunity for Washington State Certified Teachers!

Seattle University and the Puget Sound Educational Service District have partnered to offer Washington teachers the opportunity to earn their Secondary Math Endorsement through the Online Secondary Math Endorsement Academy.

The 20-credit academy meets two evenings per week in synchronous online sessions over the course of one year.

Steps to earning an Endorsement in Secondary Math

Post-baccalaureate Endorsement

1. Complete the 20-credit Secondary Math Academy
2. Prepare for and take the state-mandated exam
3. Upon passing the state exam, apply for your endorsement through Seattle University
4. Consider earning additional endorsements through Seattle University's Endorsement Academies

Post-baccalaureate Academy Fees

Per credit fee: \$225

Per quarter technology fee: \$90 (total of \$360)

Total Academy fee: \$4,860

Participants may be eligible for Washington State's Educator Retooling Conditional Scholarship Program through the Professional Educator Standards Board. More information about this opportunity can be found at the [PESB's website](#) or [our program website](#).

Materials, books, test fees, endorsement processing fees and graduate application fees are not included in the Academy fee and are the responsibility of the participant. Post-baccalaureate or graduate-level track must be indicated at the time of application and cannot be changed during the program. Participants must have regular, reliable access to the Internet and a working computer that meets our minimum standards. Information on SU's [technology requirements](#) are available from the Office of Information Technology.

Join us for an online information session.

Information sessions are held online throughout the year. Visit [our program website](#) for dates.
